

SPATIAL INFORMATION DAY 2010

Adelaide Convention Centre | FRIDAY 13 AUGUST 2010

Spatial Information Day 2010 Abstract

Title: Audit Surveys- Role of the Surveyors Board

Session: 7 – Surveying

Presenter: Mike Burdett – Surveyors Board

Abstract:

The Survey Act places an obligation on the Surveyors Board of South Australia to exercise a general oversight over the professional practice of surveyors. The audit process is used as one of the mechanisms for undertaking this function. Following a review of the Audit process and assessment itself it seems timely for the Board to review its role following audits. This presentation aims to set out for the profession the Boards procedures and expectations that result from the audit process.
